Possible 5xx codes

- » 500 - The server could not recognize the command due to a syntax error.
- » 501 - A syntax error was encountered in command arguments.
- » 502 - This command is not implemented.
- » 503 - The server has encountered a bad sequence of commands.
- » 504 - A command parameter is not implemented.
- » 550 - No mailbox by that name is currently available.
- » 551 - The recipient is not local to the server. The server then gives a forward address to try.
- » 552 - The action was aborted due to exceeded storage allocation.
- » 553 - The command was aborted because the mailbox name is invalid.
- » 554 - The transaction failed. Blame it on the weather.
